

USER GUIDE:

Pod Network

About this guide

The aim of this guide is to provide an overview of the Pod Network. This guide covers:

Pod Network.....	2
• Navigating around the Pod Network	4

Pod Network

The [Pod Network](#) was created to enable easier access to VECEDplus content by clustering information under 13 broad topics (Pods) and 20 sub-topics (Podlets). Each Pod/Podlet page contains a range of research and resources specific to the Pod/Podlet topic.

Access a collection of themed pages with links to topic-specific research and resources.

Pods cover broad topic areas of VET research while Podlets cover sub-topics and are narrower in focus.

Pods

 Apprenticeships and traineeships	 Career development and transitions	 Foundation skills	 Funding	 Industry 4.0	 Labour market	 Participation in education and training
 Pathways	 Policy and governance	 Providers	 Student outcomes	 Teaching and learning	 Youth	 Archived Pods and Podlets

Podlets

21st century skills	Competency based training	Developing the workforce	Disability
Disadvantaged	Gig economy	Indigenous	International education
Language, literacy and numeracy	Migration and skills	Online learning	Qualifications and training products
Quality	Retention and completion	Return on investment	Skill needs
Standards	STEM skills	VET for secondary students	Work-based and work-integrated learning

The Pod Network is available at: <https://www.voced.edu.au/pod-network>, and can be accessed from the 'Our resources' section on the home page, and from the 'Resources' menu heading.

Our resources

-  **VET Knowledge Bank**

Pod Network
 Harvesting tertiary education research

Access a collection of themed pages with links to tertiary education research. Pods cover broad topic areas of VET research while Podlets cover more specific areas.

Pod Network

- Focus on...
- Glossary of VET
- Pod Network**
- Special Collections
- Statistical Resources
- Timelines
- VET Knowledge Bank
- VET Practitioner Resource

Pods

- Apprenticeships and traineeships
- Career development and transitions
- Foundation skills
- Funding
- Industry 4.0
- Labour market
- Participation in education and training

Navigating around the Pod Network

The Pod Network logo appears on all the Pod Network pages. Click on the logo to return to the Pod Network homepage.

Each **Pod** contains:

- Links to research in VOCEDplus on topics specific to the Pod. These links are automatically updated when new relevant research is added to VOCEDplus
- Links to related NCVER resources
- Links to VOCEDplus resources such as relevant Podlets, VET Knowledge Bank pages, and *Focus on* topics
- A Featured author specialising in the Pod topic
- Links to other relevant resources.

Each **Podlet** contains:

- Links to research in VOCEDplus on topics specific to the Podlet. These links are automatically updated when new relevant research is added to VOCEDplus
- Links to related Pods and Podlets
- Links to other relevant resources.

All Pods and Podlets can be accessed from any Pod or Podlet page.

Pods and Podlets that are no longer part of the current version of the Pod Network can be found on the [Archived Pods and Podlets](#) page.
